Experience

Software Engineer

Apr. 2020 - Present

Epik Systems

San Diego, CA

Full-time position with Carlsbad-based technology consulting firm/agency. Primary tasks include building out proof-of-concept rapid-prototypes as well as maintenance of and iterative changes to pre-existing client applications. Exposed to a wide variety of technology including PHP, Shopify, GraphQL, Typescript, and Ruby on Rails depending on the specific environment of the client. Apply fast learning, multitasking, communication, and organization abilities.

Software QA Tester

May 2020 - Sept 2020

OneVigor

San Diego, CA

Part-time position at San Diego-based company specializing in content distribution, ad insertion, and digital media management. Perform a variety of tests such as regression, integration, platform, and performance testing to confirm stability of software systems. Report and track bugs using Testrail and Jira. Collaborate with Product, QA, and Dev teams working with responsive web applications

Junior Developer

Dec. 2019 - Mar. 2020

Smorgborg

San Diego, CA

Remote part-time position at San Diego startup which helps to facilitate communication between organizations/clubs and their members. Responsible for polishing UI/UX elements, addressing bugs, and building out new features. Technology stack includes React, MongoDB, GraphQL, Express, Apollo, and Ant Design.

Education

Full Stack Web Development Bootcamp Certificate

Dec. 2019
San Diego, CA

University of California San Diego Extension

A 24-week intensive program focused on gaining technical skills in HTML5, CSS3, Bootstrap, JavaScript, jQuery, Node.js, MySQL, MongoDB, Express.js, React.js, Bash, and Git.

B.Sc.: Psychology & B.A.: Cinema Studies

Sept. 2012 - June 2016

University of Washington

Seattle, WA

Dean's List: Spring & Autumn 2013; Winter, Spring, & Autumn 2014; Spring 2015, Winter & Spring 2016
